Privacy policy

We respect your privacy and are committed to protecting it through our compliance with this privacy policy (“Policy”). This Policy describes the types of information we may collect from you or that you may provide (“Personal Information”) on the solergy.com.au website (“Website”), “Facebook” mobile application (“Mobile Application”), and any of their related products and services (collectively, “Services”), and our practices for collecting, using, maintaining, protecting, and disclosing that Personal Information. It also describes the choices available to you regarding our use of your Personal Information and how you can access and update it.

This Policy is a legally binding agreement between you (“User”, “you” or “your”) and Community Development Enterprises PTY LTD (doing business as “Solergy”, “we”, “us” or “our”). If you are entering into this agreement on behalf of a business or other legal entity, you represent that you have the authority to bind such entity to this agreement, in which case the terms “User”, “you” or “your” shall refer to such entity. If you do not have such authority, or if you do not agree with the terms of this agreement, you must not accept this agreement and may not access and use the Services. By accessing and using the Services, you acknowledge that you have read, understood, and agree to be bound by the terms of this Policy. This Policy does not apply to the practices of companies that we do not own or control, or to individuals that we do not employ or manage.

Automatic collection of information

Our top priority is customer data security and, as such, we exercise the no logs policy. We may process only minimal user data, only as much as it is absolutely necessary to maintain the Services. Information collected automatically is used only to identify potential cases of abuse and establish statistical information regarding the usage and traffic of the Services. This statistical information is not otherwise aggregated in such a way that would identify any particular user of the system.

Collection of personal information

You can access and use the Services without telling us who you are or revealing any information by which someone could identify you as a specific, identifiable individual. If, however, you wish to use some of the features offered on the Services, you may be asked to provide certain Personal Information (for example, your name and e-mail address).

We receive and store any information you knowingly provide to us when you make a purchase, or fill any online forms on the Services. When required, this information may include the following:

- Contact information (such as email address, phone number, etc)
- Basic personal information (such as name, country of residence, etc)

Some of the information we collect is directly from you via the Services. However, we may also collect Personal Information about you from other sources such as public databases and our joint marketing partners.

You can choose not to provide us with your Personal Information, but then you may not be able to take advantage of some of the features on the Services. Users who are uncertain about what information is mandatory are welcome to contact us.

Privacy of children

We do not knowingly collect any Personal Information from children under the age of 18. If you are under the age of 18, please do not submit any Personal Information through the Services. If you have reason to believe that a child under the age of 18 has provided Personal Information to us through the Services, please contact us to request that we delete that child's Personal Information from our Services.

We encourage parents and legal guardians to monitor their children's Internet usage and to help enforce this Policy by instructing their children never to provide Personal Information through the Services without their permission. We also ask that all parents and legal guardians overseeing the care of children take the necessary precautions to ensure that their children are instructed to never give out Personal Information when online without their permission.

Use and processing of collected information

We act as a data controller and a data processor when handling Personal Information, unless we have entered into a data processing agreement with you in which case you would be the data controller and we would be the data processor.

Our role may also differ depending on the specific situation involving Personal Information. We act in the capacity of a data controller when we ask you to submit your Personal Information that is necessary to ensure your access and use of the Services. In such instances, we are a data controller because we determine the purposes and means of the processing of Personal Information.

We act in the capacity of a data processor in situations when you submit Personal Information through the Services. We do not own, control, or make decisions about the submitted Personal Information, and such Personal Information is processed only in accordance with your instructions. In such instances, the User providing Personal Information acts as a data controller.

In order to make the Services available to you, or to meet a legal obligation, we may need to collect and use certain Personal Information. If you do not provide the information that we request, we may not be able to provide you with the requested products or services. Any of the information we collect from you may be used for the following purposes:

- Send marketing and promotional communications
- Respond to inquiries and offer support
- Run and operate the Services

Processing your Personal Information depends on how you interact with the Services, where you are located in the world and if one of the following applies: (i) you have given your consent for one or more specific purposes; (ii) provision of information is necessary for the performance of an agreement with you and/or for any pre-contractual obligations thereof; (iii) processing is necessary for compliance with a legal obligation to which you

are subject; (iv) processing is related to a task that is carried out in the public interest or in the exercise of official authority vested in us; (v) processing is necessary for the purposes of the legitimate interests pursued by us or by a third party.

Note that under some legislations we may be allowed to process information until you object to such processing by opting out, without having to rely on consent or any other of the legal bases. In any case, we will be happy to clarify the specific legal basis that applies to the processing, and in particular whether the provision of Personal Information is a statutory or contractual requirement, or a requirement necessary to enter into a contract.

Payment processing

In case of Services requiring payment, you may need to provide your credit card details or other payment account information, which will be used solely for processing payments. We use third-party payment processors (“Payment Processors”) to assist us in processing your payment information securely.

Payment Processors adhere to the latest security standards as managed by the PCI Security Standards Council, which is a joint effort of brands like Visa, MasterCard, American Express and Discover. Sensitive and private data exchange happens over a SSL secured communication channel and is encrypted and protected with digital signatures, and the Services are also in compliance with strict vulnerability standards in order to create as secure of an environment as possible for Users. We will share payment data with the Payment Processors only to the extent necessary for the purposes of processing your payments, refunding such payments, and dealing with complaints and queries related to such payments and refunds.

Please note that the Payment Processors may collect some Personal Information from you, which allows them to process your payments (e.g., your email address, address, credit card details, and bank account number) and handle all the steps in the payment process through their systems, including data collection and data processing. The Payment Processors’ use of your Personal Information is governed by their respective privacy policies which may or may not contain privacy protections as protective as this Policy. We suggest that you review their respective privacy policies.

Disclosure of information

Depending on the requested Services or as necessary to complete any transaction or provide any Service you have requested, we may share your information with our affiliates, contracted companies, and service providers (collectively, “Service Providers”) we rely upon to assist in the operation of the Services available to you and whose privacy policies are consistent with ours or who agree to abide by our policies with respect to Personal Information. We will not share any personally identifiable information with third parties and will not share any information with unaffiliated third parties.

Service Providers are not authorized to use or disclose your information except as necessary to perform services on our behalf or comply with legal requirements. Service Providers are given the information they need only in order to perform their designated functions, and we do not authorize them to use or disclose any of the provided information for their own marketing or other purposes.

We may also disclose any Personal Information we collect, use or receive if required or permitted by law, such as to comply with a subpoena or similar legal process, and when we believe in good faith that disclosure is necessary to protect our rights, protect your safety or the safety of others, investigate fraud, or respond to a government request.

In the event we go through a business transition, such as a merger or acquisition by another company, or sale of all or a portion of its assets, your Personal Information will likely be among the assets transferred.

Retention of information

We will retain and use your Personal Information for the period necessary to comply with our legal obligations, until the purchase order or Services are fulfilled, until our and our affiliates and partners obligations are fulfilled, to enforce our agreements, resolve disputes, and unless a longer retention period is required or permitted by law up to a maximum of 120 months.

We may use any aggregated data derived from or incorporating your Personal Information after you update or delete it, but not in a manner that would identify you personally. Once the retention period expires, Personal Information shall be deleted. Therefore, the right to access, the right to erasure, the right to rectification, and the right to data portability cannot be enforced after the expiration of the retention period.

Data analytics

Our Services may use third-party analytics tools that use cookies, web beacons, or other similar information-gathering technologies to collect standard internet activity and usage information. The information gathered is used to compile statistical reports on User activity such as how often Users visit our Services, what pages they visit and for how long, etc. We use the information obtained from these analytics tools to monitor the performance and improve our Services. We do not use third-party analytics tools to track or to collect any personally identifiable information of our Users and we will not associate any information gathered from the statistical reports with any individual User.

Do Not Track signals

Some browsers incorporate a Do Not Track feature that signals to websites you visit that you do not want to have your online activity tracked. Tracking is not the same as using or collecting information in connection with a website. For these purposes, tracking refers to collecting personally identifiable information from consumers who use or visit a website or online service as they move across different websites over time. How browsers communicate the Do Not Track signal is not yet uniform. As a result, the Services are not yet set up to interpret or respond to Do Not Track signals communicated by your browser. Even so, as described in more detail throughout this Policy, we limit our use and collection of your Personal Information.

Advertisements

We may permit certain third-party companies to help us tailor advertising that we think may be of interest to Users and to collect and use other data about User activities on the Services. These companies may deliver ads that might place cookies and otherwise track User behavior.

Social media features

Our Services may include social media features, such as the Facebook and Twitter buttons, Share This buttons, etc (collectively, "Social Media Features"). These Social Media Features may collect your IP address, what page you are visiting on our Services, and may set a cookie to enable Social Media Features to function properly. Social Media Features are hosted either by their respective providers or directly on our Services. Your interactions with these Social Media Features are governed by the privacy policy of their respective providers.

Links to other resources

The Services contain links to other resources that are not owned or controlled by us. Please be aware that we are not responsible for the privacy practices of such other resources or third parties. We encourage you to be aware when you leave the Services and to read the privacy statements of each and every resource that may collect Personal Information.

Information security

We secure information you provide on computer servers in a controlled, secure environment, protected from unauthorized access, use, or disclosure. We maintain reasonable administrative, technical, and physical safeguards in an effort to protect against unauthorized access, use, modification, and disclosure of Personal Information in our control and custody. However, no data transmission over the Internet or wireless network can be guaranteed.

Therefore, while we strive to protect your Personal Information, you acknowledge that (i) there are security and privacy limitations of the Internet which are beyond our control; (ii) the security, integrity, and privacy of any and all information and data exchanged between you and the Services cannot be guaranteed; and (iii) any such information and data may be viewed or tampered with in transit by a third party, despite best efforts.

As the security of Personal Information depends in part on the security of the device you use to communicate with us and the security you use to protect your credentials, please take appropriate measures to protect this information.

Data breach

In the event we become aware that the security of the Services has been compromised or Users' Personal Information has been disclosed to unrelated third parties as a result of external activity, including, but not limited to, security attacks or fraud, we reserve the right to take reasonably appropriate measures, including, but not limited to, investigation and reporting, as well as notification to and cooperation with law enforcement authorities. In the event of a data breach, we will make reasonable efforts to notify affected individuals if we believe that there is a reasonable risk of harm to the User as a result of the breach or if notice is otherwise required by law. When we do, we will send you an email.

Changes and amendments

We reserve the right to modify this Policy or its terms related to the Services at any time at our discretion. When we do, we will revise the updated date at the bottom of this page. We may also provide notice to you in

other ways at our discretion, such as through the contact information you have provided.

An updated version of this Policy will be effective immediately upon the posting of the revised Policy unless otherwise specified. Your continued use of the Services after the effective date of the revised Policy (or such other act specified at that time) will constitute your consent to those changes. However, we will not, without your consent, use your Personal Information in a manner materially different than what was stated at the time your Personal Information was collected.

Acceptance of this policy

You acknowledge that you have read this Policy and agree to all its terms and conditions. By accessing and using the Services and submitting your information you agree to be bound by this Policy.
